

Family Vision Clinic, PC

OUR PATIENT AND STAFF SAFETY IS OUR NUMBER ONE PRIORITY

We have returned to our regular business hours, Monday thru Friday 8:00am - 5:00 pm. Because of the close contact that our doctors and staff have with our patients, we have the following precautions in place:

- ❖ Please stay at home if you have had a fever, cough, or shortness of breath; travelled outside of Wyoming; or have been exposed to anyone with COVID-19 within the last two weeks. If you have an appointment scheduled with us, we will postpone your exam.
- ❖ If you are over the age of 60 or are considered higher risk because of other health issues, please stay safe and call us at (307) 382-3937 to discuss your appointment options.
- ❖ Please wear a face covering when entering our office. If you do not have one, we will provide one for you. We will be taking temperatures on patients as they enter office.
- ❖ We have rearranged our appointment schedules so that we can accommodate social distancing recommendations.
- ❖ Please do not bring any family or friends with you to your appointment. A minor patient may be accompanied by one adult. One caregiver will be allowed with elderly or disabled patients.
- ❖ If you are new to our office, please have your registration paperwork completed prior to entering our office. You can download it here <http://www.familyvisionclinicpc.com/online-forms> or we would be happy to email it to you.
- ❖ All surfaces that anyone touches are regularly being cleaned. This includes glasses frames that we have on display, chairs, instruments, countertops etc.
- ❖ Curbside pick-up of your glasses or contacts is available. Please call (307)382-3937 to arrange a time.

Thank you for your patience as we work through this health issue.
