

EXECUTIVE EYE CARE
JESSICA R. MURRELL OD
910 LOUISIANA ST. SUITE M175
HOUSTON, TX 77002

WELCOME TO OUR OFFICE

You deserve the finest eye care available. We also realize that your time is valuable, and our staff will attend to you as quickly as possible.

OPTOS

Dr. Murrell strongly advises that ALL patients have an OPTOMAP every year, the scanning retinal digital imaging system. Retinal problems such as macular degeneration, glaucoma, retinal holes and detachments, melanomas, cancer and diabetic retinopathy can now be seen without dilation for most patients. Many insurance plans cover this procedure. If not fully covered, then the most out of pocket expense is \$39 copay.

CONTACT LENS PRESCRIPTION POLICY

In order to properly determine a contact lens prescription, a patient must complete our contact lens fitting procedure and follow-up visits as necessary. When it has been established that the contact lenses are functioning properly and are not adversely affecting the patient's ocular health, a contact lens prescription may be released.

GLASSES POLICY

Eyeglasses are custom made individually and specifically for you, therefore no REFUNDS. Exchanges/Remakes will be permitted.

PLEASE TAKE A MOMENT TO REVIEW OUR FINANCIAL ARRANGMENTS

The payment policy in this office requires that fees for examination and materials to be ordered be paid in full at the time of services rendered.
