

These are our top 20 CPT procedures, descriptions, and charges in 2020-21.

CPT Code	Item Name/Description	Price
92015	Determination of refractive status to determine best correctable vision. May result in glasses Rx or to assess vision loss.	\$42
92014	Established comprehensive exam of ocular structure and function	\$150
92310	CL Services: Rx of optical/physical/fitting of contact lens with medical supervision. Price varies with level of complexity	\$89-250
92250	Fundus Photos: one or more images of the retina for evaluation of eye disease (ex: diabetes, macular degeneration)	\$80
99213	Level 3 office visit for established patient that requires a medically appropriate history/exam and low level of decision making.	\$125
92004	New comprehensive exam of ocular structure and function	\$178
99214	Level 4 office visit for established patient that requires a medically appropriate history/exam and moderate level of decision making	\$165
92134	OCT Retina: scanning laser computer imaging of the retina with evaluation and report	\$70
92133	OCT Optic Nerve: scanning laser imaging of the optic nerve with evaluation and report	\$70
92083	Visual Fields: extensive testing of sensitivity of visual field, one or both eyes, with interpretation and report	\$90
92025	Corneal topography: computerized mapping of the corneal contour with interpretation and report	\$50
92012	Established Intermediate exam: limited evaluation of ocular structure and function	\$110
66984-55	Cataract Post-operative care: Care after cataract surgery in one eye that is coordinated with surgeon's office. Includes up to 90 days of care following surgery date.	\$200
76514	Pachymetry: Ultrasound or computerized scanning laser measurement of corneal thickness used in assessing glaucoma risk or corneal disease progression	\$25
92313	Cornea-Scleral contact lens: Rx of optical and physical properties of and fitting of scleral lens with medical supervision of adaptation.	\$250
92072	Fitting of contact lens to treat keratoconus with medical supervision of adaptation.	\$250
92071	Fitting of contact lens to treat disease of the anterior surface of the eye or to act as a bandage for the cornea	\$90
92002	New intermediate exam: limited evaluation of eye structure and function	\$110
67820	Trichiasis correction: removal of misdirected eyelashes with forceps	\$80
99212	Level 2 office visit for established patient that requires a minimal history/exam and straightforward decision making	\$100
Screening Optos	Widefield laser screening of nearly the entire retina through a non-dilated or dilated pupil	\$39
