Dr. Bahr is a comprehensive ophthalmologist who sees patients with a wide range of eye conditions. He specializes in cataract surgery and offers the latest in premium multifocal and toric intraocular lens implants and sutureless cataract surgery. Dr. Bahr graduated from Brigham Young University with a BA in Spanish and in Neuroscience. He attended medical school at the University of Texas Health Science Center at Houston and completed a transitional year internship at the University of Maryland before doing his ophthalmology residency at the University of Virginia. He speaks fluent Spanish. In his free time, Dr. Bahr enjoys running, playing the piano, and going on adventures with his wife and three children.
